PROFILE

AI Video Creator with hands-on full-cycle production experience: from concept, scripting and visual direction to image/video generation, animation, voice-over, lip-sync, sound and final editing. Strongest areas are connected scene production with consistent characters and locations, plus practical understanding of hooks, retention and short-form storytelling.

EXPERIENCE & PROJECTS

Solodkyi AI Studio - AI Video Creator / Founder

- End-to-end advertising and story-driven AI videos: concept -> generation -> animation -> sound -> edit -> final delivery.
- Consistent characters, recurring locations, image-to-video / video-to-video workflows and iterative regeneration.
- Client work includes character animation, individual character voices, lip-sync and complete short-form production.

Papka Detstvo - Creator / AI Director
